The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

GULLION

Candidate for Superintendent of
Public Instruction.

DEALS MILDLY WITH OPPONENT

Corrects Misrepresentations in a Most
Emphatic Way—He Also Presents
Remarkably Strong Facts in Support
of His Candidacy.

To the Democrats of Kentucky:

A most unexpected and unjust charge has been brought against me by my opponent in the race for superintendent of public instruction. If the charge were true it should defeat me. If it is false the Democrats of Kentucky should know it in order that justice may be done to me. The charge is that I am unfriendly to the new state normal schools.

He says in a letter to county superintendents of schools: "Mr. Gullion is strongly endorsed by those who have fought state normal schools." From that text he argues that this contest "becomes a fight between the advocates of state normal schools on one side and the enemies of those institutions on the other."

E. A. GULLION.

tions on the other." His animus is so apparent that I need not argue the matter. I simply place alongside his ridiculous and impotent charge the following "card," and fair-minded Democrats may do the rest:

A CARD.

To Whom It May Concern:

Mr. E. A. Gullion spent a great deal of time at Frankfort during the legislative session of 1905-6, and took an active interest in school legislation, being especially desirous of passing the normal school bill. He has for a number of years been a strong factor in educational progress.

This September 20, 1906.

W. P. THORNE,
S. E. DEHAVEN,
H. K. BOURNE.

I heartily concur in the above.

JAS. H. FUQUA,

Superintendent Public Instruction.

Frankfort, Ky., Sept. 21, 1906.

If other proof than that of the lieutenant governor, Senator DeHaven, Representative Bourne and the distinguished superintendent of public instruction is required it shall be furnished. Who oppose the state normals? They cannot be found. The bill creating them passed unanimously and, as shown above, I did all in my power to promote its passage, having been at Frankfort more than 50 days during the 60-day session of the general assembly and in constant contact with the senators and representatives. Not to have supported the normal school measure would have been to stultify my entire record, for I have advocated normal schools in my newspaper and before the Kentucky Educational association for more than 20 years.

In all the literature I have sent out I have pledged myself to the normal schools in the following language:

"It shall be my highest and most cherished ambition to foster and develop the state's normal schools until they shall be adequate for all and good enough for the best—unsurpassed by those of any other state."

That language should have been plain enough to my opponent to have prevented a falsification of my position on normal schools.

As to Character.

In the same letter to superintendents the gentleman asks for an opportunity to defend himself against any aspersion of his character that any one might make. If I have to win this race by attacking his character then I will lose the race, for I would scorn to do such a thing. Nor will any true friend of mine offend in that particular. However, it is the privilege and the duty of every Democrat to investigate the character and competency of both of us before voting.

Not a Popularity Contest.

My opponent publishes in black type that his chief clerk would be a clever and competent gentleman who has been in the service of the state for 25 years at a high salary when on duty. He makes the alliance at the eleventh hour to bolster his failing fortunes in the race. If there is any reason why this well paid official of 25 years (and who never has to beg for lucrative positions) should be preferred over the young gentleman I have selected for the place, it is not apparent. My appointee will be Mr. Walter Crady, a clean, competent, industrious and faithful young man, who is now second clerk in Superintendent Fuqua's office. He has learned the clerical duties of the office well, and all say he has earned and merits promotion. But this race is not a popularity contest between clerks. It is a contest between candidates for state superintendent, whose duties are widely different from those of a clerk and very much more difficult. A machine can add a column of figures. Efficient superintendents are the exception.

Evidence of Fitness.

I have taught in schools ranging from the common school in the beech woods to the lower classes in one of our leading colleges; have taught in high school and have been an instructor in county normals.

For more than 20 years I have been attending the State Teachers' association and in 1896 was president of the honorable body. The published proceedings and addresses show that I was active in all movements for the betterment of public schools, originating some of them. This is particularly true as to the agitation for normal schools, longer school terms, better school houses, modern equipment, etc.

As chairman of a committee appointed by the Kentucky Educational association, I pressed upon the general assembly divers amendments looking to those ends and procured their passage. It is not arrogating too much to myself to say that I have spent more time before the Kentucky legislature in promoting common school legislation than any other private citizen. It was a labor of love on my part, for never did I ask, and never was paid a cent for my expenses, or for the sacrifice of my time that I made.

I am the author of the plan by which short-term schools were abolished and wrote the amendment that effectuated the plan. I was also largely instrumental in bringing about most of the other beneficial changes that have been made in the school laws.

If the people make me their next state superintendent I shall devote whatever talent and energy I have to the great work in which are centered the dearest interests of the children and of the commonwealth, guaranteeing that we shall materially lengthen our cords and strengthen our stakes educationally.

The statements I have made are offered to the public with some temerity, lest I be charged with egotism. However, they seem necessary in order to show that by experience and service I have a peculiar fitness for the most honorable office the people can bestow—the state superintendency. Respectfully,

E. A. GULLION,

Candidate for Supt. Public Instruction.

WRITES OPEN LETTER.

Hon. James H. Fuqua to the Democrats of Kentucky.

Frankfort, Ky., Oct. 4, 1906.

To the Friends of Education:

I am writing you in the interest of Mr. E. A. Gullion of Henry county, candidate for superintendent of public instruction. It has been my pleasure to know Mr. Gullion during his long service as county superintendent of Carroll county and as editor of a paper at New Castle. In both positions he has been an ardent advocate of improved education, in latter years using the columns of his paper advancing the cause of Kentucky schools.

During my term of office many improvements have been made in education. Two normal schools have been established; the term increased from five to six months; the per capita has grown to \$3.30, the largest in the history of the state. I have planned much other work that will greatly redound to the benefit of the schools and if elected I am satisfied that Mr. Gullion will push these plans to execution. I shall remain in school work as a member of his state board of examiners and as such will be closely identified with the cause of education.

Thanking you for your co-operation in the past and trusting that you will help Mr. Gullion in the state primary November 6, I beg to remain yours very truly,

JAS. H. FUQUA, SR.,
Superintendent Public Instruction.

What Others Say.

Other able school men have written in regard to Mr. Gullion's candidacy, as follows:

Professor J. T. English, Harrods Creek, Ky., a widely known teacher: "We need somebody at the head of the school system who has the knack of doing things; of getting out of the time-worn rut. You are unquestionably the man. Your record in school work proves it."

Z. F. Smith, formerly superintendent of public instruction: "Your personal qualifications and your long training as teacher and county superintendent well fit you for the duties of state superintendent. Knowing you so well, I have every confidence that you will faithfully and ably administer the affairs of the office. Hence, I will heartily give you my support and wish you complete success."

Professor C. A. Leonard, superintendent Cynthiana schools: "I hope you will announce at once and make a thorough canvass of the state; I shall work for you."

Professor W. H. Bartholomew, principal Girls' High school, Louisville: "A friend of public instruction when the cause needed friends. Gullion merits the honor of the superintendency."

President Jas. K. Patterson, State College, Lexington: "I say without reserve that I know of no man who has done better work than yourself."

"DO IT TO-DAY!"

"And to think that ten months ago I looked like this! I owe it to German Syrup."

"The time-worn injunction, 'Never put off 'til to-morrow what you can do to-day,' is now generally presented in this form: 'Do it to-day!'" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

G. S. VARDEN & SON, Paris, Ky

Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Iowa, but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by Oberdorfer, the druggist. Price 50c.
